A cartoon illustration of a black boombox with a red and orange polka-dot cord, a yellow starburst, and a pair of orange sunglasses. The boombox is positioned in the bottom right corner of the page, with the cord looping upwards and to the left. A yellow starburst is attached to the cord near the boombox. A pair of orange sunglasses is placed in front of the boombox. The boombox has a speaker and a cassette slot. The cord is thick and has a playful, wavy shape. The starburst is a simple five-pointed star with a yellow fill and a black outline. The sunglasses have orange frames and lenses. The boombox is a simple black rectangle with some details like a speaker and a cassette slot. The overall style is a flat, colorful cartoon illustration.
